

A scatter plot showing the relationship between decimalLongitude (x-axis) and an unlabeled y-axis (ranging from 59 to 73). The x-axis ranges from -122.21 to -122.16. The y-axis ranges from 59 to 73. The data points are categorized into three groups: blue circles, orange crosses, and black squares. The blue circles are clustered in the upper left and center, the orange crosses are in the center, and the black squares are scattered along the top and right edges.
